

RUSSIANS REPULSED
ON ALL HANDS BY
THE JAPANESE

Russians Killed and Wounded
in Four Days' Battle Num-
bered Over 37,000 --- Japanese
Captured 38 Guns From
Enemy.

GREATEST BATTLE OF
THE PRESENT WAR

Russians Lost Two Whole
Battalions in One Engage-
ment---Fighting Still Pro-
ceeding Today Along the
Whole Front.

London, Oct. 14.—The Japanese min-
ister issues this morning a report re-
ceived from Field Marshal Oyama, say-
ing that near Foushiu, east of Yantai,
the enemy continued the attack and
were repulsed on all sides. The central
and left columns and right army are
vigorously pursuing the enemy's central
army, and have captured the heights a
few miles east of Yantai, and have taken
two field guns. While pursuing the
enemy we also captured field guns and
ammunition wagons numbering eleven.
At another point we captured 150 pris-
oners. On Wednesday a detachment of
the enemy with artillery while being
surrounded was panic stricken twelve
miles east of Yantai, while the rest are
retiring northward in disorder.

On the left side, since Tuesday night,
we have been continuously attacking
the enemy posted near the railway with
ten miles north of Yantai. The central
column of our left army, after re-
pulsing the enemy's strong force, occu-
pied Wednesday afternoon a place five
miles northeast of Yantai, capturing
sixteen guns. Thereupon it soon pursued
the enemy, which was retreating north
in disorder, and captured four more guns.
The enemy was repulsed with heavy
losses, in two column attacks. The right
column of the left army, while pursu-
ing the enemy near Shohih river, cap-
tured five guns and ammunition wag-
ons.

RUSSIAN KILLED
AND WOUNDED 37,000

Fearful Losses in Four Days' Battle
North of Liao Yang—One Worst
Defeat in History.

Rome, Oct. 14.—A Tokio despatch says
that General Kuropatkin tried to main-
tain resistance to the Japanese advanc-
ing forces at Yantai, but that he was
involved in the general fight. The Rus-
sian losses in the four days' battle are
estimated as follows:

Monday, 6,000 killed and wounded;
Tuesday, 12,750; Wednesday, 7,615;
Thursday, 10,000 killed and wounded.
The papers here today compare Kuropatkin's tactics with those of Baratier
at Adama in the disastrous Abyssinian
campaign.

ADMITS LOSS OF FEW GUNS.

But General Kuropatkin Says They Were
Recaptured.

St. Petersburg, Oct. 14.—General Kuropatkin reports admitting the capture
of several guns by the Japanese and
says that two regiments on the Rus-
sian right flank lost heavily, the brigade
commander being wounded and the colonel
killed. The brigade retired, leaving
its artillery behind, but afterwards re-
turned and regained the guns with the
exception of sixteen. During the final
issue of Wednesday's battle our troops
were compelled to lose their positions
and lost guns which have been recovered
from the Japanese. We retired to po-
sitions where a new front was prepared
on the Shukke river.

TWO WHOLE BATTALIONS.

Russians Lost in One Engagement of
Battle.

London, Oct. 14.—A despatch from
Field Marshal Oyama's headquarters
says the Russians lost during one en-
gagement in the battle of Yantai two
whole battalions, all men and horses
being killed.

they now occupy the periphery of the

PORT ARTHUR'S SUPPLIES LOW?

Russian Officer at Tsingtau Said to Have
Admitted This.

Tsingtau, Oct. 13.—It is learned on
most reliable authority that a high Rus-
sian officer, who passed through Tsing-
tau yesterday on his way to Shanghai,
is making fabulous offers to shippers
to take cargoes to Port Arthur, and that
this officer has admitted that the sup-
plies there are alarmingly low, especial-
ly those of coal.

The German steamer Emma which
cleared from here yesterday for San
Francisco with a cargo of coal, will at-
tempt to reach Port Arthur. The for-
eign crew of the Emma has been re-
placed by Chinamen. Many of the crew
deserted upon learning of the destina-
tion of the ship.

MATRIMONIAL MIX-UP.

Left Husband and Wife in Order to Live
Together.

Burlington, Oct. 14.—Mrs. Emanuel
Lavoie and Moses Bessett were arrest-
ed yesterday by the police, a complaint
having been made that they were living
together as man and wife on North
Bend street, while she has a husband
and he has a wife.

Lavoie left Burlington some time ago
for Canada. He returned a few days
ago and discovered that his wife was
living with Bessett. He made a com-
plaint to the police and the arrests were
made yesterday. Mrs. Bessett still
lives in Burlington. Lavoie knew nothing
about the circumstances previous to
his arrival in Burlington and would not
have discovered the fact that his wife
was living with another man but for the
fact that he came to Burlington to take
his child to Canada with him.

INSURANCE COMPANY SUED.

Dr. O. L. Woodworth of Vergennes Seeks
to Recover on a Policy.

Burlington, Oct. 14.—A suit for the
recovery of damages of \$1,500 was en-
tered yesterday in the county clerk's
office. The case is that of Dr. O. L.
Woodworth vs. the Sun Insurance Co.
of London, Eng.

The plaintiff was a resident of Ver-
gennes and had a boat house and naphtha
launch on Otter creek. About a year
ago this property was burned and the
plaintiff claims the defendant failed to
settle for the loss, although insurance
was placed with the company. The case
is returnable at the March term of coun-
ty court.

SEWALL GOES TO RANDOLPH.

St. Albans, Oct. 14.—The Rev. John
L. Sewall, who has been pastor of the
Congregational church in this city for
three years, has accepted a call to the
pastorate of the First Congregational
Church at Randolph, Mass., and will
leave for that place the first of next
week. Mrs. Sewall and the remainder
of the family will stay in the city about
two weeks before leaving for their new
home. Randolph is a town of about
4000 inhabitants, and this is the largest
Protestant church in the place.

Persons at Today's Meeting.

vention today in the committee of the

EIGHT OR NINE LIVES LOST.

Schooner Washed Ashore Off Chatham,
Mass., This Morning.

Chatham, Mass., Oct. 14.—The schooner
"Wentworth" of Windsor, N. S., came
ashore near the Old Harbor Life
Saving station last evening and pound-
ed to pieces during the night. This
morning the bodies of a man and woman,
supposed to be the captain and his
wife, were found on the beach. The
vessel probably carried a crew of eight
or nine persons, all of whom were lost.
The sea is so high all attempts at res-
cue by the life savers were abortive.

Resolutions Adopted at Forty-Second
Annual Session of Grand Lodge.

I. O. G. T., of Vermont,
at Richmond.

Richmond, Oct. 13.—The 42nd annual
session of the grand lodge of Vermont,
I. O. G. T., which has been in session
here since Tuesday evening, was brought
to a successful close this evening with
a public meeting in the Congregational
church. There has been a good attend-
ance at the sessions and some resolutions
of public interest relating to liquor traf-
fic and the sale of proprietary medicines
were adopted. State officers were elect-
ed today and Hardwick was chosen as
the place for holding the next grand
lodge on the second Wednesday in Octo-
ber, 1905.

The opening meeting of the convention
was held Tuesday evening when a re-
ception was given by Richmond lodge to
the visiting officers and delegates in
the Congregational church. Wednesday
was devoted to business when appoint-
ments were made, the roll of officers
called and reports were read. Wednes-
day evening an ideal lodge was held
when the subordinate degrees were ex-
emplified.

At this morning's session the follow-
ing officers were elected:

Grand chief templar, Chauncey H.
Hayden, Riverside; grand chief, C. A.
Bump, Salisbury; G. V. T., Mrs. Eva

regarding the liquor laws, the closing

Good Templars of Vermont, we respect-
fully and earnestly petition the Vermont
Legislature now in session, for the honor
of our state, for the health and comfort
of our homes, for the safety and pro-
tection of the people, and for the moral
and financial benefit of all, to repeal the
present liquor law, and to enact a pro-
hibitory law with adequate penalties."

HARDWICK.

Two Cases of Diphtheria in Town—
Houses Quarantined.

Hardwick, Oct. 14.—Mrs. Leola Benja-
min and Miss Cora Lafayette are ill
with diphtheria. The houses are quar-
antined and due caution is being taken
to prevent the disease spreading.

Saturday Roger A., aged 6 years, son
of F. J. Sanborn, died of the disease.
The little fellow was not a rugged child,
and fell an easy victim to the malady.
His body was placed in a hermetically
sealed casket and put in the receiving
vault.

WINS CHAMPIONSHIP.

Tommy Sullivan Given That Title After
Defeating Abe Attell.

St. Louis, Oct. 13.—In a fight tonight
for the title of feather-weight cham-
pion of the world, Tommy Sullivan of
Brooklyn was given the decision over
Abe Attell of San Francisco in the fifth
round of what was to have been a 20-
round contest.

Attell went out with a low left upper
to the stomach. He dropped to the
floor, rolling about in apparent agony
and claiming a foul. The decision of
the referee was withheld for five min-
utes until examination had been made
by physicians. The decision was given
to Sullivan.

The fight was a fine exhibition of
science in which neither man received
much punishment. In the first three
rounds Attell seemed to have slightly
the better of it.

Forenoon to Monday

SENTER FOR U. S. SENATOR

Five Bills Introduced in House Today,
Making Total of 75 in That Body
—Senate Has Received
29 Bills.

Montpelier, Oct. 14.—There was every
indication in both the House and Senate
this forenoon that the members wished
they had adjourned and gone home yester-
day afternoon. But the Senate, with
eighteen members in their seats, worried
through 2½ minutes during which time
practically nothing was done. In the
absence of the blind chaplain, the Rev.
W. A. Kinzie of Barre supplied as chap-
lain, and in the absence of Lieutenant-
Governor Stearns, the president pro
tem, George H. Prouty, presided over
the brief session. The Senate adopted
in concurrence the joint resolution of
the House, commending Senator Red-
field Proctor for the preservation of cer-
tain Vermont historical records. Two
bills were brought up and then ordered
to lie on account of the small attend-
ance.

The House did better and was in ses-
sion 43 minutes, but there was a paucity
of members that resembled the stray
hairs of a head that was nearly bald.
The legislators were anxious to go home
and they went this afternoon.

Five bills were presented, however.
Mr. O'Sullivan of St. Albans city intro-
duced one relating to allowance to wid-
ows. Widows of persons dying intestate
and without issue, shall, on application
to probate court, receive from the hus-
band's estate all household goods in ad-
dition to present share of estate. Mr.
Darling of Chelsea presented a bill pro-
viding that corporations organized under
the general statutes may by vote of all
their stockholders, alter the business of
corporation, but shall not engage in
business not authorized by said general
statutes. Notice of change shall be filed
with the secretary of state.

By request, Mr. Dart of Springfield
has put a bill in which forbids the con-
finement in cars more than 24 consecu-
tive hours, of animals in transit, with-
out rest, water and feeding. The person
having charge, or in his default the rail-
road company at his expense, shall at-
tend properly to care of the animals
when unloaded. The same gentleman
presented another bill on the same line,
giving agents of humane society authority
to sign complaints before the courts,
fines to be paid to the society prosecuting
the violation.

Mr. Phelps of Barre would add ten
days to the open season for killing deer,
but it is not likely that the bill will go
through.

Third reading was ordered for the bill
presented by Mr. Darling of Chelsea,
relating to the taking of land for school
purposes. And a bill incorporating the
Mechanics association was passed.

The legislature will convene again
Monday afternoon, the House at 2
o'clock and the Senate at 2:30.

SENTER FOR SENATOR.

Democrats of Legislature Will Put Him
Up Against Proctor.

Twenty-six out of the 32 Democrats
in the House held a caucus at the State
House last evening to decide whether or
not they would place in nomination next
Tuesday a candidate for United States
Senator to succeed the Hon. Redfield
Proctor. Mr. Pape of Barre city was
elected chairman and Mr. Malone of
Fair Haven, secretary. An informal
ballot was first taken, in which Repre-
sentative V. A. Bullard of Burlington
led. Mr. Bullard thanked the caucus
but stated he was not a candidate for
the position and suggested the name of
John H. Senter of Montpelier. Mr. Senter
was nominated by Mr. O'Sullivan of
St. Albans and after eulogistic remarks
by Mr. O'Sullivan and Mr. Bullard, Mr.
Senter was declared the nominee of the
caucus by a rising vote. He will be
nominated next Tuesday afternoon by
Mr. Pape of Barre city.

LEGISLATIVE NOTES.

The usual valued policy insurance bill
has made its appearance.

The Rev. Mr. Kinzie, the Baptist min-
ister at Barre, officiated very ably as
chaplain in the upper branch today.

The sumtotal of work accomplished
in the first two weeks of the session, in
bills introduced, is 75 in the House, and
29 in the Senate.

There will be a cessation of labors
for the committee which is investigating
state expenses, and the work will be
resumed Monday night.

The Democrats of the legislature are
not afraid to lead a forlorn hope and
they make a charge most intrepidly,
figuratively, "into the jaws of death."

United States Senator Redfield Proctor
has been about the State House cor-
ridors for two days. The Senator hard-
ly looks his years—he is 76 years old.

It was a graceful thing on the part
of Mr. O'Sullivan of St. Albans city to
present the following resolution which
was adopted on the part of the House:

Senator Wells of Washington county
would make savings banks pay no taxes
on all savings deposits and that no tax
should be placed on the depositor. He
introduced a bill yesterday afternoon
to that effect.

To help out the sub-committee on
claims in its work of investigating the

expense accounts of the insane asylum,
the bookkeeper of the institution, W. R.
Nash, arrived yesterday afternoon, and
the superintendent, Marcello M. Hutch-
inson, arrived last evening.

Whereas, The Hon. Redfield Proctor,
the senior senator from Vermont, has of
late, by diligent labor and painstaking
research, sought out and brought to
light many valuable manuscripts and
records relating to the early history of
the state, and presented in an elegant
and artistic form fac simile copies of
the same to the Vermont Historical
Society; Resolved, By the Senate and
House of Representatives, that the
thanks of the people of Vermont are
due to the Hon. Redfield Proctor for
having rescued from obscurity and obli-
vion many valuable historical documents
and restored them to the possession of
his native state. Resolved, That a copy
of these resolutions be forwarded to
the Hon. Redfield Proctor by the clerk
of the House.

GUILTY OF SHOOTING DOE.

Fred Jewett and Irving Isham Must Pay
\$100 Each—Vile Case on Trial.

Montpelier, Oct. 13.—The case of
state vs. Hiram Warren of Calais, statu-
tory rape, was called in Washington
county court this afternoon and nearly
all the afternoon was occupied in em-
panelling a jury. The respondent is
charged with committing the crime of
rape on Gladys Stearns of Johnson,
August 13, last, when she was visiting
her sister, wife of the respondent, in
Calais. The complaining witness is 13
years old and has been blind from birth.
She was on the witness stand when
court adjourned this afternoon.

The jury in the case of State vs. Fred
Jewett and Irving Isham, shooting a
doe last October, after being out nearly
24 hours, returned a verdict this after-
noon of guilty against both of the re-
spondents. The statutes provide the pen-
alty in cases of this kind and the court
has no discretion in the matter. The
respondent Jewett was sentenced to pay
a fine of \$100 and costs of prosecution
with the alternative sentence. At the
request of the respondent, Isham, his
sentence was deferred a few days and
he was placed in the custody of Sheriff
Evans.

FATAL CASE OF LOCKJAW.

Death of Edward Gifford, a Chelsea Boy,
Aged 12 Years.

Chelsea, Oct. 13.—The body of Ed-
ward Gifford, aged 12 years, was brought
home from the hospital at Hanover, N.
H., yesterday afternoon. Over a week
ago while playing with a revolver loaded
with blank cartridges, he accidentally
discharged the weapon causing a wound
in the fleshy part of the left leg. Sun-
day night he developed symptoms of
lockjaw, and on recommendation of his
physician, Dr. H. F. Godfrey, he was
taken to the hospital at Hanover Mon-
day morning where it was hoped his
life might be saved, but he died Tuesday
night.

He was the son of Mrs. Ruth Gifford,
a widow, who lives between Chelsea vil-
lage and North Tunbridge.

DR. S. N. GOSS SELLS PRACTICE.

Chelsea Physician Had Practiced 30
Years—Dr. A. T. Marshall Successor.

Chelsea, Oct. 13.—Dr. Story N. Goss,
who has been a practicing physician in
Chelsea for the past thirty years, has
sold his practice and residence to Dr.
A. T. Marshall, of Boston, who is a
young man with four years experience
in hospital practice of that city.

Doctor Goss was acting assistant sur-
geon of the United States army during
the Civil War and for a time was as-
sistant surgeon of the 9th Regt., Vt.
Vol. He came from Georgia to Chel-
sea in 1870 taking the practice of the
late Dr. N. W. Bralley who had moved
to Barre.

Doctor Goss and family are to remain
in Chelsea for the present.

Northfield.

ed as Centennial day in the celebra-
tion of the centennial of the First Meth-
odist Episcopal church, which is being
carried on this week, and the feature
was a dinner in the vestry of the church
at noon, which was followed by speak-
ing.

Vermont Marble Co. announced this
morning that the company is making

DEWEY TO TAKE COMMAND.

Will Probably Direct Caribbean Man-
oeuvres.

Washington, Oct. 13.—Admiral Dewey
has again offered to assume com-
mand of the combined fleet in the Car-
ibbean Sea during the winter manoeuvres.
If his services can be spared from
the presidency of the General
Board at that time Secretary Morton
will accept the offer. The fleet will
reach Guantanamo between Jan. 8 and
Jan. 10, where Admiral Dewey will prob-
ably assume command, and winter man-
oeuvres will begin. From the Carib-
bean the ships will come north for tar-
get practice at either Pensacola or Key
West. Every precaution will be taken
against accidents while shooting. All
of the ships by that time will be fitted
with blowers, which will make blow-
backs practically impossible.

BURIED IN
SEWER DITCH

Edward Farrar Killed at
Waterbury.

WAS BOSSING THE JOB

When Bank Caved in on Him—All Other
Workmen Escaped—Mr. Farrar
Was Well Known
Citizen.

Waterbury, Oct. 13.—Edward Farrar,
one of Waterbury's foremost citizens,
met death this afternoon at about 3:40.
He was superintending the digging of
a ditch on Elm street where sewers were
to be placed. The ditch was about seven
feet deep. Special precautions had
been given to brace the bank but one
place not completed was unbraced. It
was under this that Mr. Farrar and sev-
eral others were at work.

Some one noticed the bank caving and
all but Mr. Farrar succeeded in escaping.
He was buried under several feet of dirt,
only his head being uncovered. Within
two minutes he was extricated and Drs.
Minard and Stanley were at hand. He
gazed twice but within a minute was
dead. Mr. Farrar suffered from heart
trouble and was unable to stand the
pressure. His jaw was broken and his
lungs crushed.

Mr. Farrar was formerly employed in
the job department in G. W. Atkin &
Son's wholesale store but owing to ill
health he sold his place on Main street
and purchased W. J. Boyce's farm on
North Main street in the spring of 1903.
For several years he has held the posi-
tion of village water commissioner and
at the last village meeting was elected
president. Mr. Farrar was about 60
years of age. He is survived by a wife
and one son, John, who is expected to
attend the funeral.

Immediately after the accident the
body was taken to W. J. Boyce's undek-
taking rooms and was later taken to his
home on Main street. The funeral ar-
rangements are not yet made.

Barre Golf Club Were Closed Yes-
terday Afternoon—Champion-
ship Not Played.

played by members of the Barre Golf
club, was finished yesterday afternoon.
Donald W. Smith again won, making the
fifth victory for him and thereby easily
giving him the medal presented by City
Clerk James Mackay. The scores were:

	gross	handic	net
Smith	89	4	85
Bralley	96	1	95

The winners in the 18 matches played
during the summer are as follows:
Smith five, Burgess two, Howland two,
Bralley two, L. Dodge two, Briggs one,
Tilden one, Ross one, Nichols one and
Mackay one.

Only one player in class B of the
weekly tournament showed up for the
final in that class, John Fraser. His
gross score was 103, and he was playing
from scratch. Fraser has won the great-
est number of tournaments, seven, with
C. C. Gillilan next with five, and cap-
tures the medal presented by William
Marr.

The match for the championship of
the club between John Fraser and James
Reid, was not played off yesterday, but
it is likely that they will get together
this afternoon.

er is second to none, and who is well
known to Barre people, will give one of
his best lectures in the opera house Nov.

an," is one that at present will be of
great interest to all Barre people. Mr.
Robinson's lecture will embrace the per-
tinent personalities on both sides in the
present war between Russia and Japan.
He describes the condition of Russia and
the issues at stake in the present war.
